VOTE **NO** TO KERR IN THE NOVEMBER 4TH ELECTION

- Andy Kerr wants to leave you vulnerable against armed rapists and thugs when you're working the late shift to make ends meet.¹
- Kerr voted to hold **YOU** liable if you defend yourself at your workplace.¹
- Kerr also voted to force women to pay a fee and get government pre-approval to borrow or buy a gun for protection against a deranged stalker or violent and abusive ex the next time he violates the "restraining order."²
- While criminal gang-bangers run around Denver with unlimited ammo, Young voted to cap your firearms to 15 rounds.³
